SERVICE

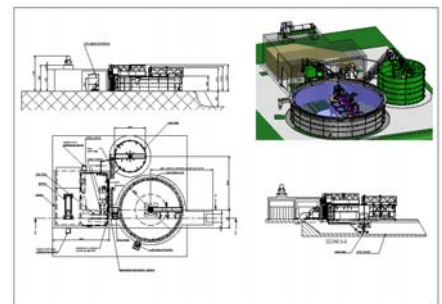

MAITEK srl is a company well-known in Italy and in foreign countries thanks to the great experience in the **manufacturing of machineries and plants for the aggregates treatment**, including a wide range of equipments for applications in the field of quarries, mines, ecology and recycling.

MAITEK srl is able to supply **“key in hand” projects**, starting from the preliminary plans to the assembly, the testing and the after-sale assistance.

MAITEK srl provides **emergency technical service: mechanical and electrical** assistance, **maintenance and overhauling** service with the opportunity to subscribe contracts for a planned assistance both in Italy and in foreign countries.

MAITEK srl has also a **large warehouse** with new and second-hand / overhauled-under guarantee equipments in prompt delivery.
